Mathletics Champion

We celebrated a very special achievement in our Monday Assemblies this week. As all of you will know, we take part in the Mathletics programme. This enables your children to go up against other children around the world to enhance their maths skills by competing across our school, country and with others around the world. We have been celebrating with classes every week on a Monday

for a while, to see who can gain hold of the Wibsey Primary Mathletics trophy for best performance that week. To achieve this children have had to commit some time working at home.

After the February half term holiday, and when the leader boards were

double checked, it was confirmed that Jack Rainbow had worked so hard and devoted so much of his time at home that he had achieved enough points to top the WORLD leader board. This is an amazing achievement for Jack and great representation of his school against the world. A huge well done Jack.

Improving Attendance

Thank you to all of you who are ensuring we are have good attendance from all pupils. I would particularly like to thank the majority who are regularly

in line with, or in excess of, our 97% expectation. I will now be inviting parents/carers to meet with me personally where we have concerns.

Attendance

Congratulations to classes 4.2 (97.7%) and 6.2 & R.2 with 96.6% attendance
