# RED NOSE DAY

Red Nose Day falls on Friday 24th March this year. Red noses will be on sale for £1 in school from Monday next week—these are available for all children to buy in preparation for Friday.

Friday will be a “wear something red” non-uniform day for a silver coin.

### Library Requests

Wibsey Primary School must have one of the best school libraries in a school of our size. The range of books that are on offer is very wide, diverse and reflects the reading tastes and research needs of all our children.

Mrs Johnson is running the library for the benefit of all children, and is providing lots of opportunities for browsing and borrowing. Please, please though—if you have any books

to return please get them back in to us.

Have a double check of your child’s book bags, bedside tables, under the beds, wherever, to see if any books need to make their way back into school.

We know that books suffer wear and tear and that some need to be removed and replaced, and we will do this. We do not want to spend time chasing up missing books that have been signed out to your children.

## Wibsey Primary— A Community of Learners

We have a number of children who are having work published in a book, having entered a young writers competition. I spoke with one of them (Hannah in 2:1 with a space story being one

who have had pieces accepted. I understand letters have gone home to children included. We will have copies of the book in the library to borrow so don’t feel you need to buy one.

### Attendance

**Congratulations to classes**

**4.2 & R2 with 99% attendance.**
