

# Wibsey Primary News

## Uniform

I remind parents that the uniform policy is available on the school's website, and that calls will be made by staff where the uniform policy is not followed.

Please read the policy carefully as this is what you choose for your child when you decide to send them to Wibsey Primary School.

Have a lovely weekend

## School Council Campaign

**The School Council are campaigning against littering**

*Message from School Council:*

Whilst we appreciate that not everybody is guilty of littering, we hope that you can recognise the fact that **anti-littering is everybody's responsibility.**

We would like your help to reduce the level of littering by remembering to use litter bins. Together, we can exterminate Wibsey litter bugs and keep our school area looking attractive and tidy!

*Many thanks, the School Council.*

I hope we can have the whole school community supporting this campaign. I know it fits in really well with recent Government announcements on the use of plastics, and through documentaries such as Blue Planet.

I am going to commit to picking up at least 2 pieces of (safe) litter everyday, both near home and at school.

**A big congratulations to Gracie Armitage** in Year One. Gracie took part in a Gymnastics Competition, competing against 18 other Gymnasts in the U9's category. She was placed in Floor and Vault, and fantastically gained First Place in Beam. Gracie now has a place in her club's squad and is training for eight and a half hours a week to achieve further successes.

I would love to hear of similar successes for other children competing outside of school.

## Wibsey Primary—A Community of Learners

I have loved viewing the holiday homework in Year 3 this week. The creation of volcanoes has shown some outstanding creativity and research. I know that many of our children will be following the

terrible news from Guatemala this week and whilst Year 3 will have a good scientific understanding of what has happened, also know the horrible consequences that can occur too—and we send our thoughts and prayers.

### Attendance

Congratulations to classes 2.2 with 100% & 3.3 with 99%
