

Year 5 – Easter Holiday Activities

Have your own Easter egg hunt or create an Easter trail inside your house or garden. You could design your own eggs to find.

Design a decorative Easter Egg based on the world-famous Fabergé Eggs. Have a look at this website and the photos for inspiration.

Use items from around your home to create an Easter basket. Can you say which materials worked the best, and which ones did not, in your Home Learning books?

Turn this coffee can...

...into this Easter Basket

Use words you have found in your Easter research to create a wordsearch for a member of your family to complete.

Create a Fact File about Easter traditions that occur around the world. Remember to include:

- A detailed description of the tradition
 - The flag of the country
 - Their location (map) and which continent they are in
- How their traditions are similar/different to what we do in Britain.

Here are some ideas to get you started - <https://bbc.in/2yfm98f>

Get creative in the kitchen! Create an Easter treat for your family. Make a note of the recipe (listing ingredients and method) in your Home Learning books.

Think carefully about the true meaning of Easter! Complete a Random Act of Kindness for someone in your family.

Plan an Easter Party for your family. Think about what food you should have. Next time you go shopping, add up how much this would cost. Then, divide the total cost by how many people are in your family. Who can create the best value party?

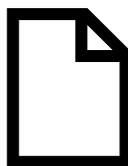

Use www.getepic.com to read as much as you can about the Easter story. This will help you with your other work.

Choose from any of the activities above to complete over the Easter break.

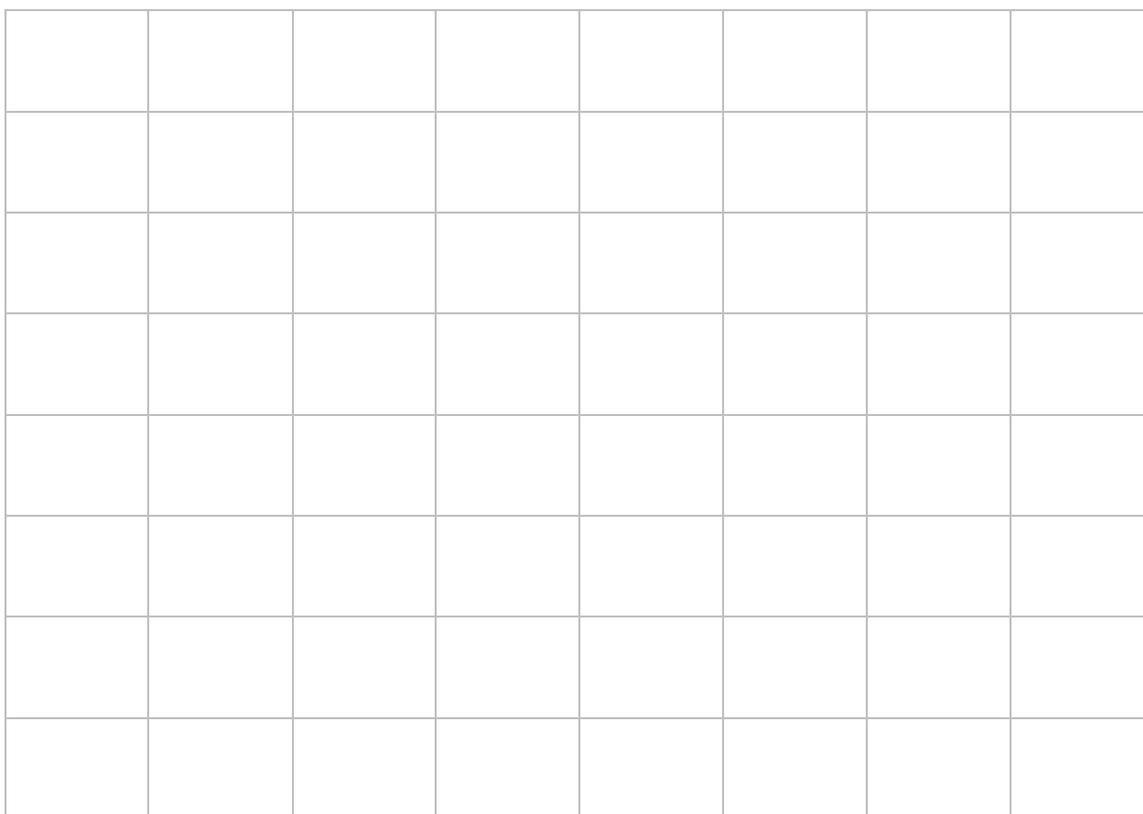

Why not challenge yourself to complete all 12?

Don't forget to take some time to relax- enjoy playing in the garden and reading your books!

HELP THE BUNNY!

The Easter Bunny has lost all his eggs! Can you help him find them? Draw them on the grid in the correct places. You will have to label the axis of the grid as well.

Eggs can be found at:
