Year 6 Spanish Home Learning

Places in a town revision

In class we have been learning how to talk about places in a town.

1. Look at the "In the town" sheets attached and check that you know how to say all the places in the town in Spanish. Learn the ones you don't already know. Make sure you can spell them all without looking at the sheet.

2. Complete the "Sentence Link Up" sheet. Can you translate the sentences once you have matched them up? Use www.spanishdict.com to help you with any words you don't know.

3. Translate the following text:

¡Hola!

En mi ciudad hay un museo, una piscina y muchos supermercados. También hay un cine y una galeria de arte. En el cine me gusta ver peliculas. No hay parques. Me encanta mi ciudad.

4. Design a postcard saying what there is in your town. Use the text above to give you ideas. Can you add an opinion? Decorate your postcard with pictures representing the places.
