

Year 3 Holiday Learning Challenge

Remember to keep active! Joe Wicks is providing an excellent range of PE lessons on YouTube at 9am most mornings to keep you nice and energised!

If you haven't done so already, you could show your adults some of the things we do on GoNoodle too! I am sure they will love our dance routines and the other exercises.

<https://app.gonoodle.com/>

Remember, it is free to subscribe!

You could also have a go at some of the 'just dance' videos on YouTube!

Topic Project

What makes the earth angry?

Based on the research you have done for Volcanoes last week we want you to produce a project all about Volcanoes. You can present this however you like! You might want to create a PowerPoint, a leaflet or some amazing art work. We want you to be creative and produce something for you to be proud of!

You may want to include:

- What are volcanoes? (facts about them)
- How do volcanoes form?
- Famous volcanoes and where they are in the world
- A labelled diagram of a volcano
- Dangers of volcanoes

We also thought you might like to get creative and make a volcano.

Below are some links to help you with your learning challenge:

- <https://www.artforkidshub.com/how-to-draw-a-volcano/>

Mathletics and Times table Rockstars -

Don't forget to keep logging on! You can still achieve certificates over the holidays!

Reading journals - Please try to complete at least one task during the holidays from a book you have been enjoying recently.
