## Weekly Catch Up and Reminders

### I have another big ask of you this week.

You will have seen a reducing number of staff on the roads around school as all pupils are now back in classes, therefore we don't have many people free. I hope you have found it helpful to have the Senior and Site Team around, and we intend to be out as much as possible. Over time we need the system to become self policing—running itself through your actions.

By supporting distancing and observing the one way system you are doing your bit to keep school safe and open.

The biggest concern I have observed whilst I have been doing daily sessions on the gates and roads has been some of the parking

and driving. An example would be cutting the corner from Northfield to North Road. It's an accident waiting to happen. We have had U-turns on both roads—again, incredibly dangerous and needless as there are exits both ways. These people might have a single minute added to their journey and yet are risking lives. I will continue to challenge these and other behaviours and the parking wardens will be visiting.

## Wibsey Primary—The Village School

### Punctuality

As you are all now aware, we are open much longer for the drop off and collection of your children. The school gates open at

8.30am and are locked at 9.00am (after which children are late) In the afternoon we open gates at 3.25pm and lock up at 3.45pm. I have had some positive comments about how

this has made life easier and ensured we can be responsible for our own distancing. We shouldn't see any morning late arrivals, or late pick ups.
