

Homework Menu - Year 3

We want you to get creative!
Re-design the book cover of Charlie and the Chocolate Factory.
Be as creative as you can, using different materials to re-create the book cover.

We want you to design and label your favourite meal and then think about how to make it healthier!
Remember to think about all the nutrients and food groups we have looked at in our Science lessons.

Dear Year 3 - we would like you to write a letter to Mr. Willy Wonka, he has told us he has tickets to his chocolate factory and we want you to write a letter to persuade him to give us at Wibsey Primary School the tickets!

During our WFL lessons we are thinking about being kind to each other and thinking about others' feelings. Can you make a poster all about being kind and Anti-Bullying?
These will be displayed in our classroom because being kind is so important!

Our aim is for everyone to be fluent with their times tables so would love you to practice your 2's, 5's and 10's this half term! You could also try to earn certificates on Mathematics and TTRS!

In Art/DT we are going to be designing our own chocolate bar packaging - we would love you to design a super, tasty chocolate bar to go in your packaging. Draw and label your chocolate bar with its ingredients.

You can choose any piece of homework from the homework menu above - a piece of homework is to be handed in on a Friday (there are 6 tasks one for each week of the half term) and these can be done in any order.
