

Extended Project 'My Family' Week 1

Year 5 Home Learning
Wibsey Primary School

Day 2 – Classification

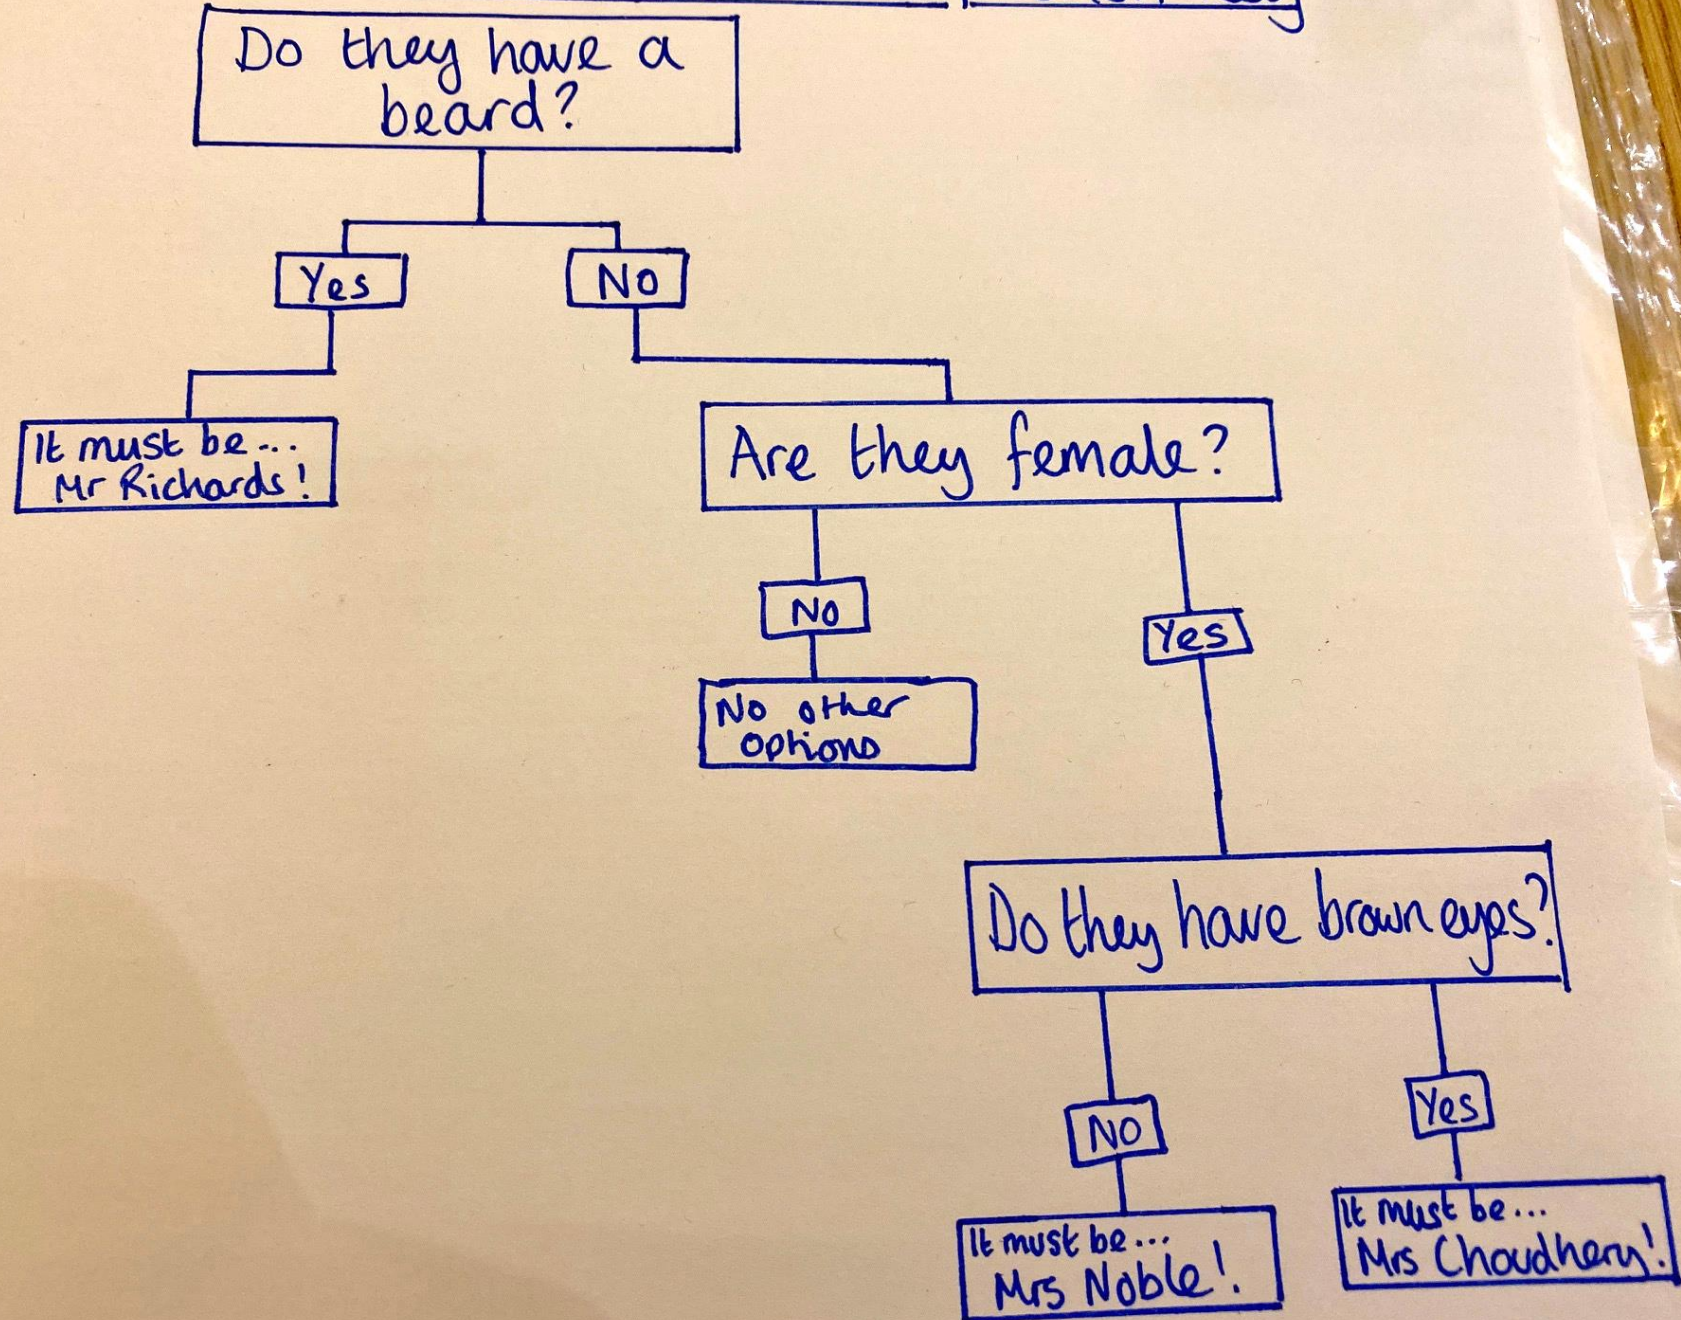

Design a classification key for your family based on their simple **physical features** (things you can see).

You can test the keys out on different members of your family. Can they solve them?

Remember to only use **yes and no** questions.

We've included an example on the next slide of a classification key using the Year 5 teachers.

Our Year 5 Teachers - Classification Key

Day 3 – Mapping Skills

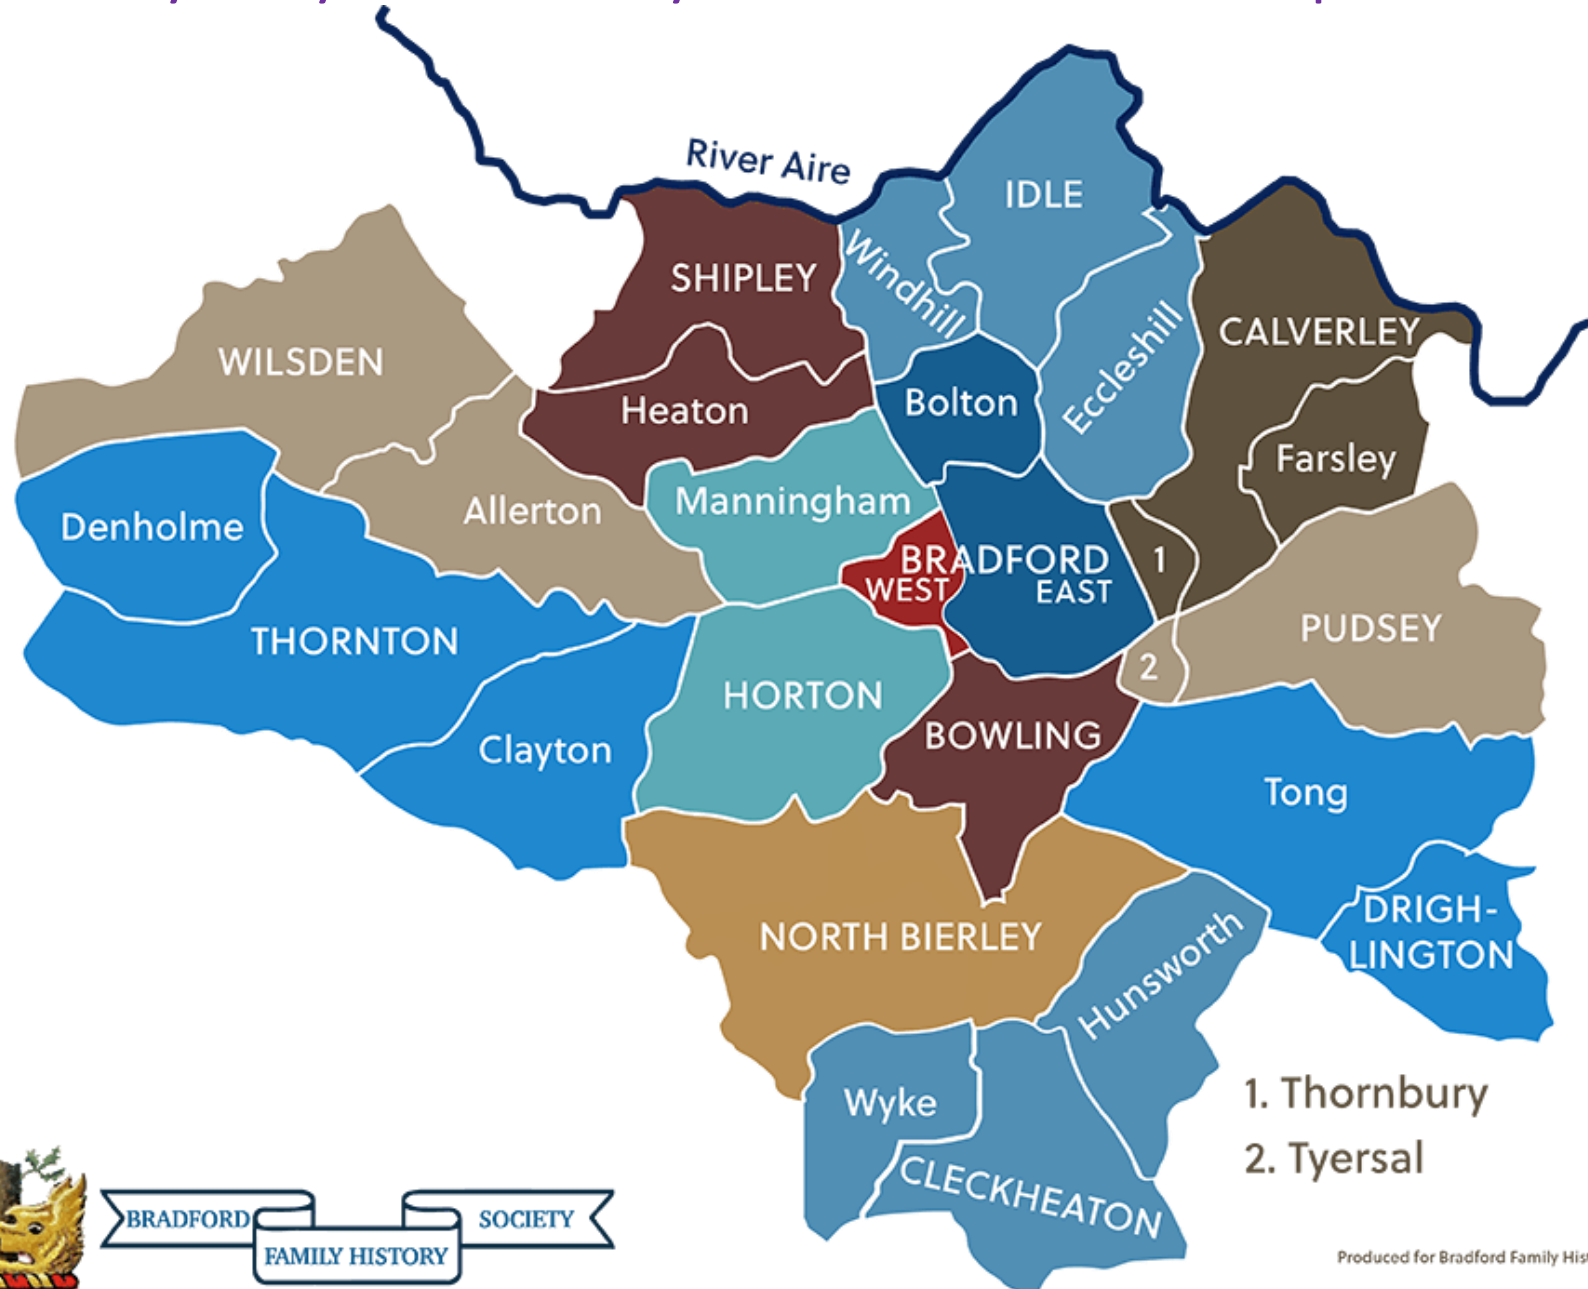

Talk to adults at home and find out where other members of your family live now, or where they have lived in the past.

Plot these on the maps on the next slides and make a note of them in your exercise book.

Then, create a bar chart to show the number of family members who live/have lived in each city or country.

CHALLENGE – Can you plot these places onto Google Maps by yourself?

Have any of your family lived in different parts of Bradford?

BRADFORD
FAMILY HISTORY
SOCIETY

Have any of your family lived in different parts of West Yorkshire?

Have any of your family lived in different parts of the United Kingdom?

Have any of your family lived in different continents around the world?

Day 4 – Portraits

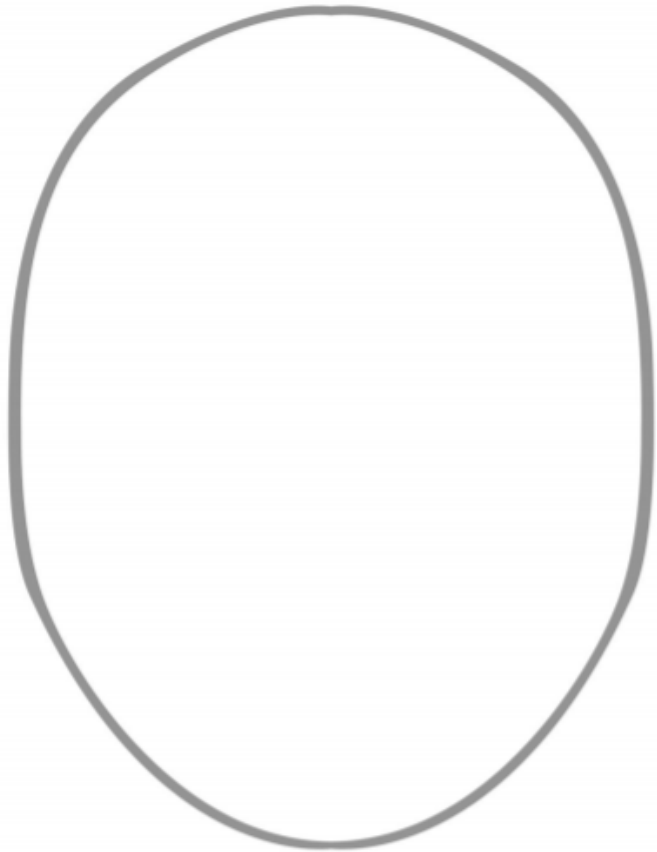

Pick one family member you have looked at over this week. Ask them if you can take their photograph. Use this to create a portrait in pencil, using light and tone to add detail.

Do this on a blank page in your exercise books.

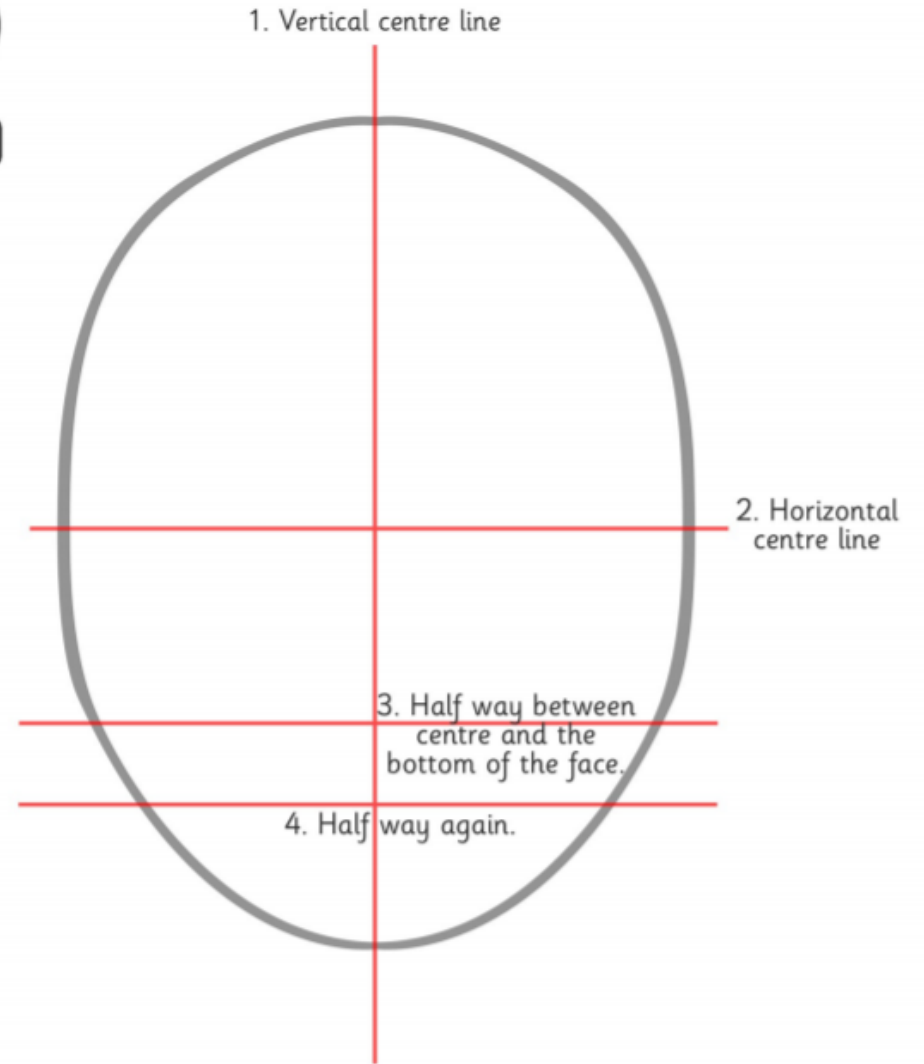

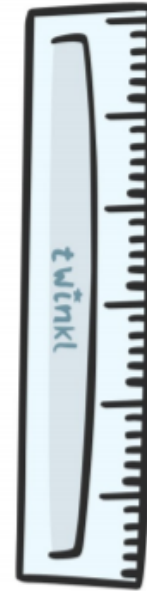

We've included some top tips on the next slides.

1

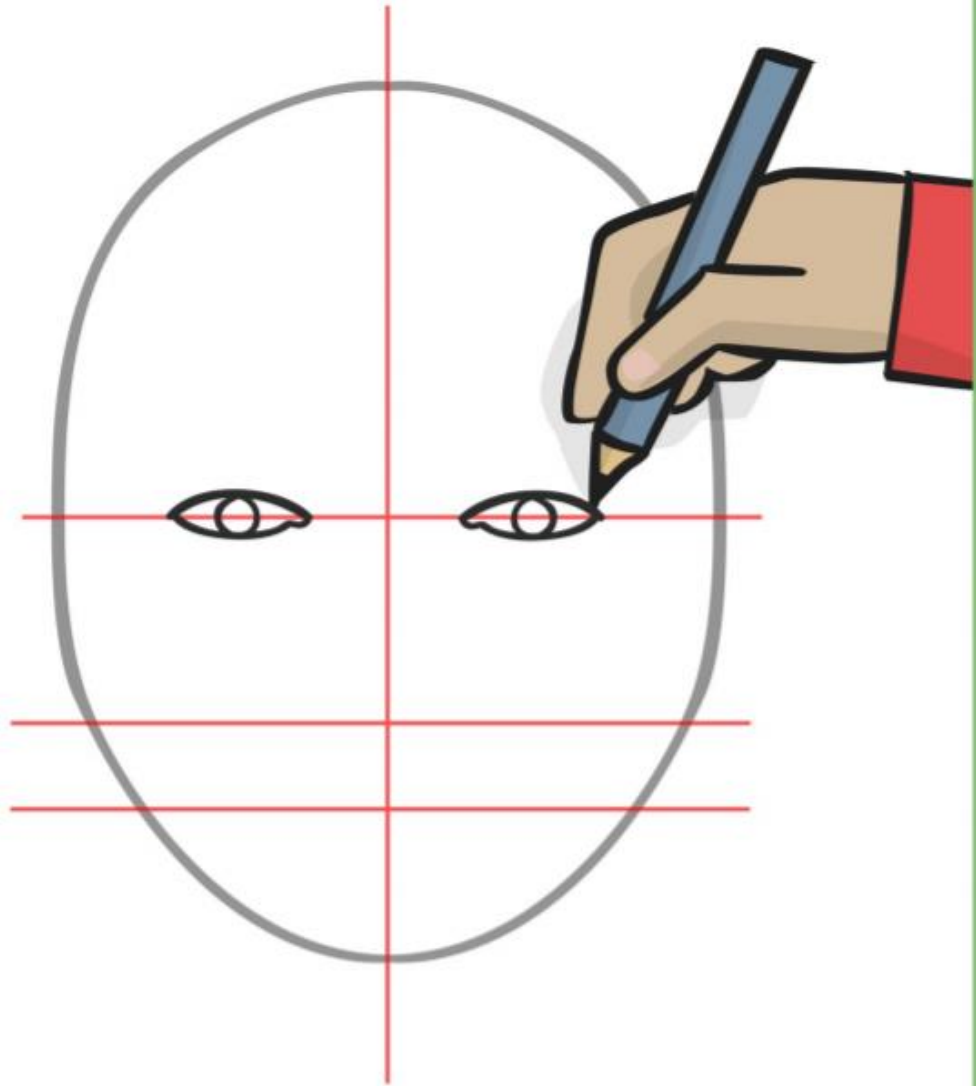

Draw a faint oval. You will go back over this later after you have drawn the hair.

2

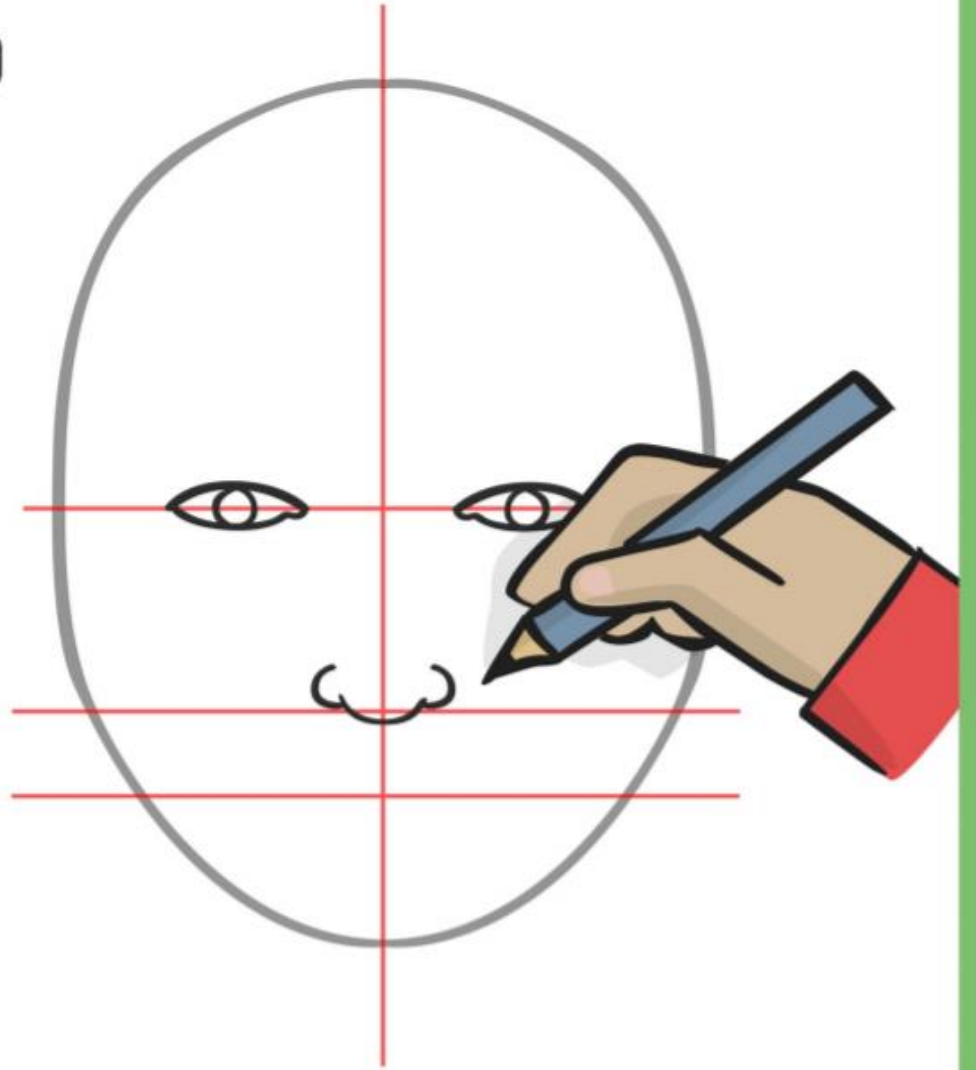

Mark some very faint guide lines with a pencil and ruler.

3

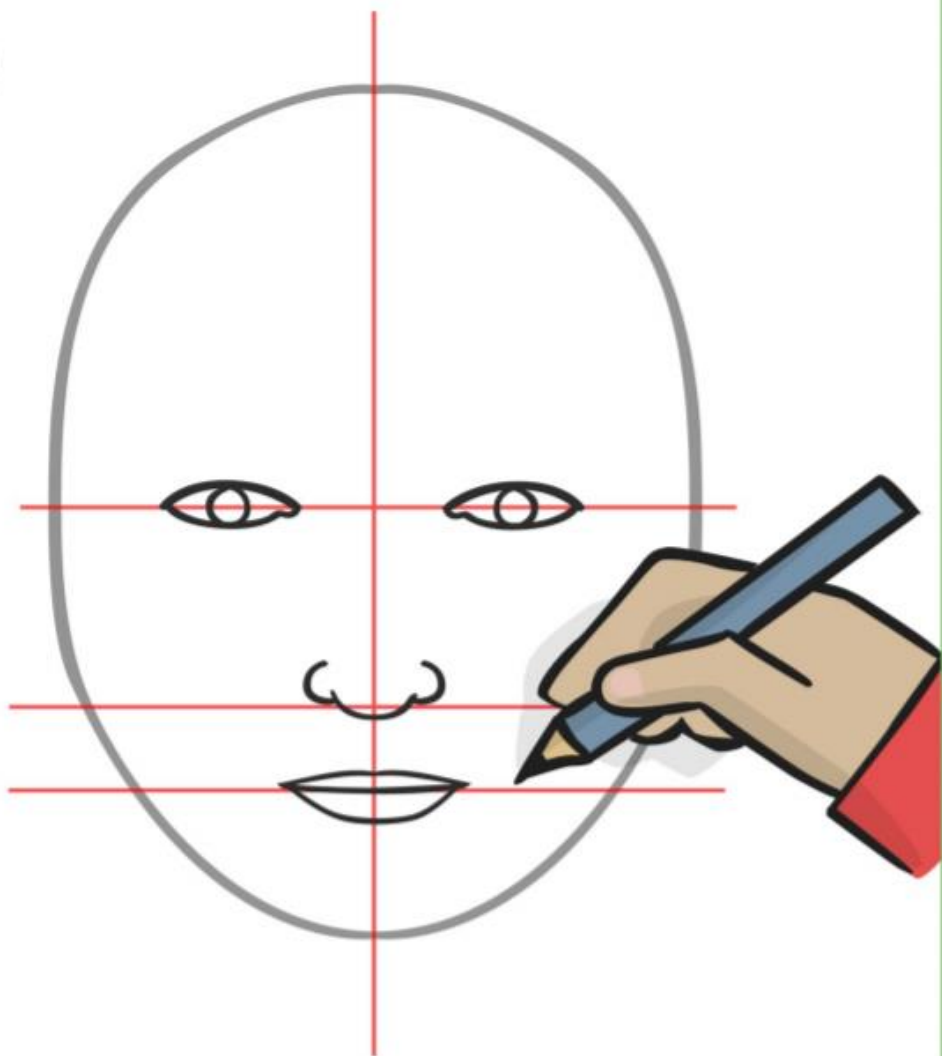

Draw the eyes.

4

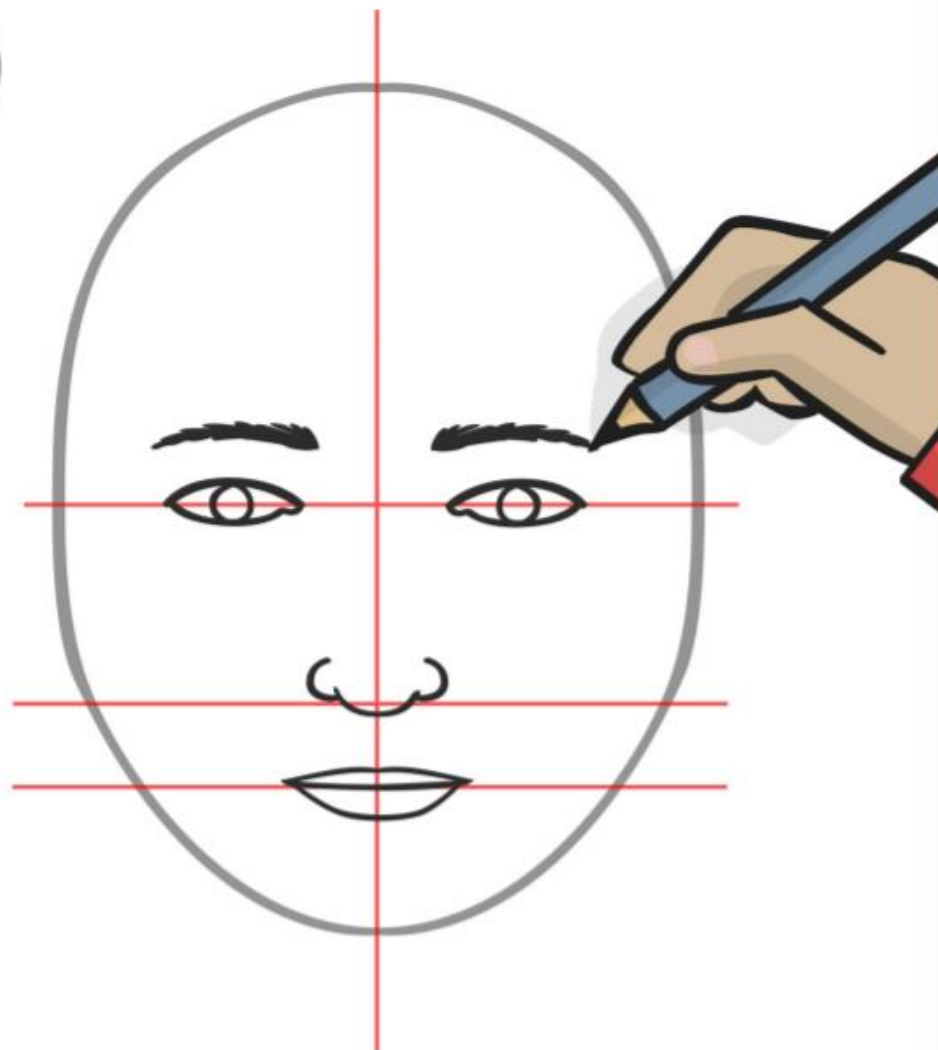

Draw the nose.

5

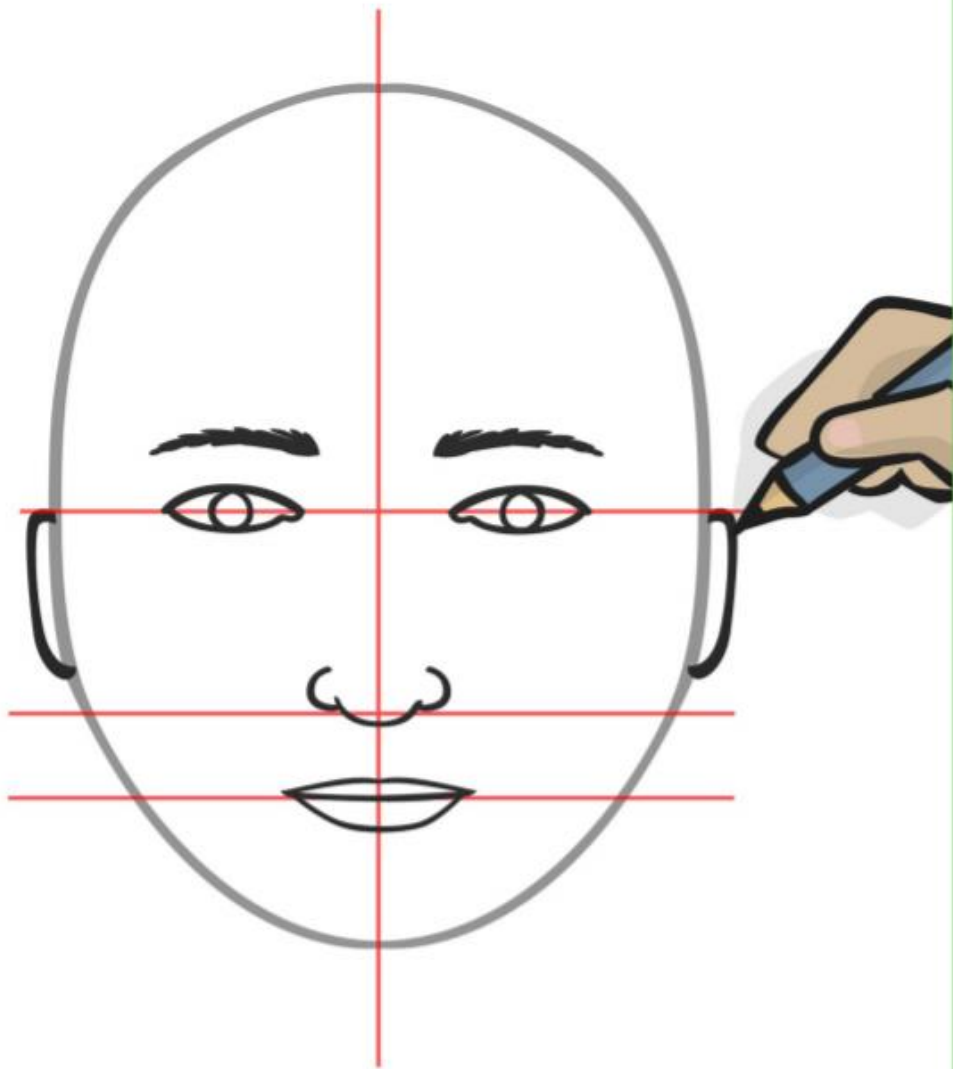

Draw the mouth.

6

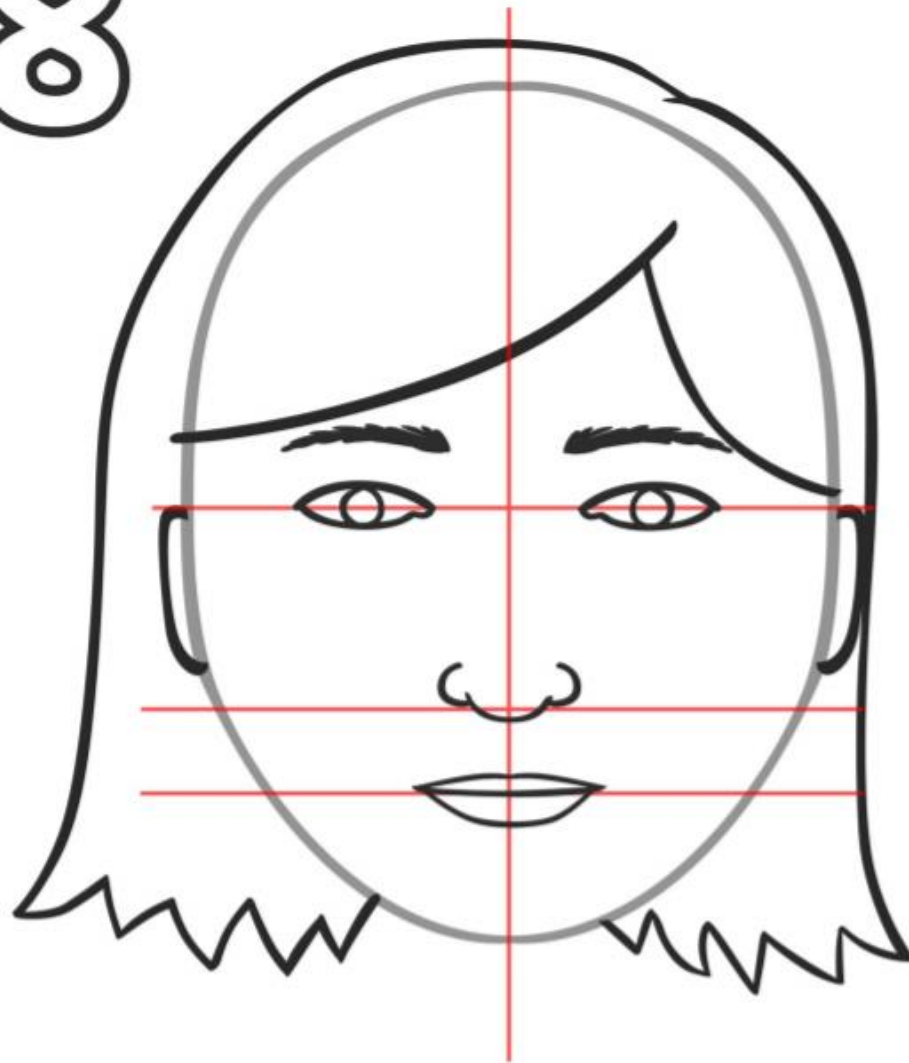

Draw the eyebrows.

7

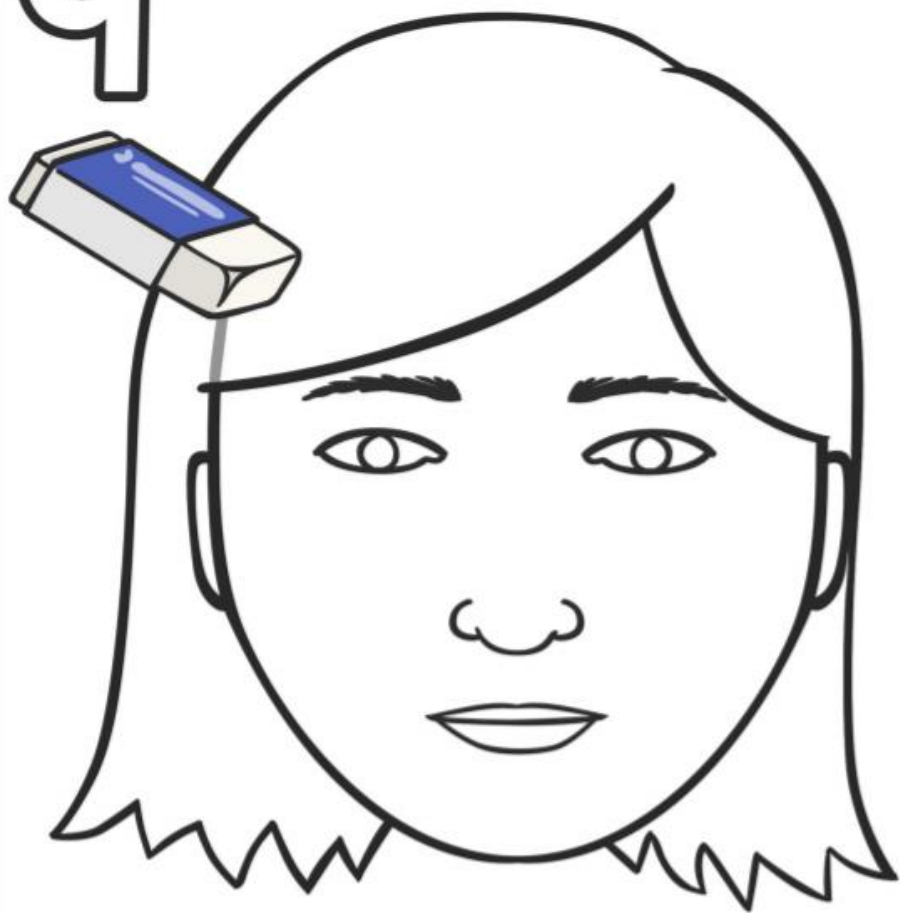

Draw the ears.

8

Draw the hair.

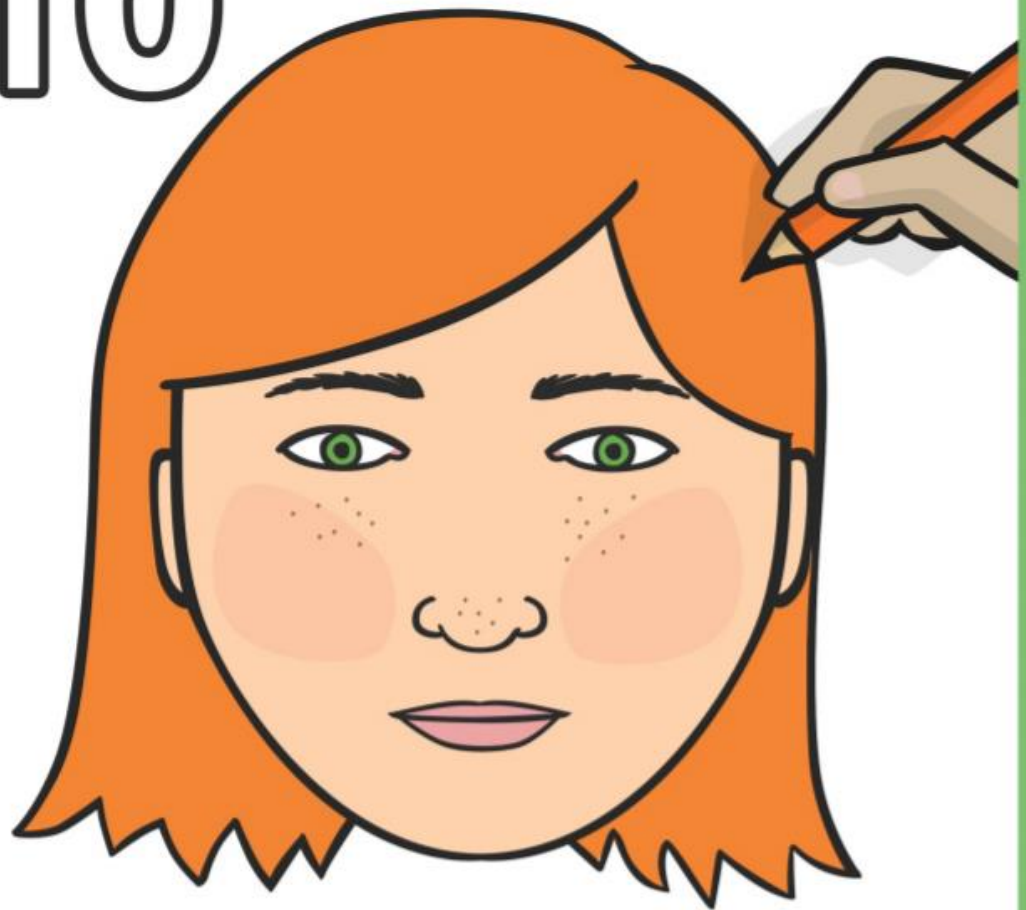

9

Go over the lines of the oval that isn't covered by hair.

Erase the faint guide lines and the oval lines that are covered by hair.

10

Colour in the face. Don't forget to add the pupils in the eyes and any freckles or other details on the face.
