Hannah Smith

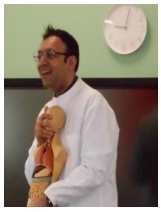
Acting Deputy Headteachers

Wibsey World of Work

This week has been 'World of Work' week at Wibsey.

Children from across school have had an amazing time learning about the world of work.

We have been visited by lots of people with various jobs such as a police office, a skateboard instructor and even a bio medical scientist.



We found out about the different duties and tasks that they complete as part of their role and they talked about the skills and qualifications they require to do their job.

The week really helped our children explore the variety of jobs in the wider world. They also found how important team work, punctuality and perseverance are.

All children thoroughly enjoyed the week and our visitors were very impressed with the good listening and thoughtful questions asked by our children!

Please follow this up by talking to your children about what they want to do as a job—it's never too early to build that aspiration!

The Team Wibsey Fitness Challenge!

Fitness is high on the agenda at Wibsey and you may have noticed our new running track around the school yard.

For our planned 'Fun Day' in July, children need to complete a half marathon over the year. Many of our children have already completed this and the running track should ensure everybody hits this target by the end of the year.

Do encourage your children to use the track and hit their fitness target
