Issue 28

5th July 2021

## Transition Week

**The end of the school year is approaching and traditionally we have ensured that children have two weeks of transition in their new classes. We find this allays any concerns that children may have prior to the summer break.**

**However, this year we must work within the guidelines that the Government has set and therefore are limited in what we can do.**

**In spite of these restrictions, we are committed to ensure children have a smooth transition to their classes.**

**As a result we are able to do a one week transition starting on Monday 12th July.**

**During this week children currently in reception to year 5 will work with their new teachers in their new classrooms.**

**Children currently in year 6 will be having an action packed week of sport and other activities.**

**Next week, you will receive a letter which will inform you of your child's new teacher and class. The arrangements for drop off and pick up during transition week will be sent at the same time.**

### Key Dates

**Monday 5th July**  
Reports are emailed to parents.

**Tuesday 6th July**  
Consultation evening Foundation Stage and Key Stage 1

**Wednesday 7th July**  
Children currently in years 1 to 5 meet their new teachers.  
Consultation evening Key Stage 2

**Friday 7th July**  
Children currently in Reception meet their new year 1 teachers.

**Monday 12th July to Friday 16th July**  
Children work in their new classes with their new teachers.

## Parking Problems

We appreciate that parking is very tight at the end of the day. However, we are having some problems when our minibuses return at the end of school visits.

Our fabulous new minibuses are much bigger than the previous ones and it is proving

harder to get them into the car park.

If our buses are not in the car park when you come to collect your children it would be helpful if you could avoid parking opposite the car park entrance.

Thank you very much.

## Work of the week

**Well done Ashton (2:3) on your fabulous work in Design Technology.**
