News and Views

Back to PE kit first off I'm afraid. So many of you have made the effort to ensure your children are coming into school in plain black joggers, sweatshirts or hoodies and trainers, along with the white t-shirts—and I thank each and everyone of you for that. We deliberately set a policy that was at the smallest cost we could manage for families.

Anything outside of this is not kit and I would ask if you fall

into this group that you sort it this weekend to save a lot of teaching time being taken up by phone calls home. Thanks as ever.

There has been a definite autumnal feel to the air this week. Whilst I'm not a fan of the cold, damp or darker nights I think autumn is one of our

most beautiful seasons. I would really appreciate it if you could take the time over the coming few weeks to point out the changes in nature as you come into school.

The changing leaf colours, falling leaves the feel you can smell in the air all open the minds of our children when you talk to them about it.

Conversations and improving our children's vocabulary starts with those little conversations that you have every day.

Year 3 York Chocolate Story Visit

Year 3 have been to the chocolate experience in York this week to link to their topic. This visit was fully subsidised by the school to help our families and make sure our class work is well supported.
