World Book Day

We celebrated World Book Day in school on Friday. I loved the focus on children wearing their favourite clothes—just showing glimpses of what makes us all unique. Children attended special assemblies and had an online lesson. In addition staff also shared their favourite books. It was great to hear some of the stories about why. We are here together at Wibsey Primary but we are all unique!

Bollywood Dance

Year 2 have been taking part in Bollywood dance lessons this week. We

have seen some great shaping and movement as our children embrace dance across cultures.

Well done

World Maths Day is on Wednesday 8th March. This was created by Mathletics, the app that your children are all signed up to (Login details are in reading journals).

Mathletics are hosting a world maths day event. It's a simple format that involves children competing against millions of other children around the world.

Children will login on the day at school and complete 20 x 60-second games. They'll be placed on a global leader board and have a chance to win school prizes.

You can help prepare your child by logging onto Mathletics this and every week to take part in the quizzes.
