News and information

Year 5 Planetarium Visit

Year 5 spent the morning visiting a pop up planetarium in school. This supports the science topic of 'Earth and Space'. They have learnt all about the different planets and how they orbit the Sun. They have looked closely at the Geocentric and Heliocentric models and how our Earth experiences day and night and all the seasons.

In the Space Planetarium the children have travelled throughout space and time and looked at the different constellations and stars in the solar system and beyond, seen how the Earth and Moon were created and also seen scientific footage of the different planets and their atmospheres.

Christmas Performances— limited tickets

Letters are coming out allowing you to apply for tickets for your children's EYFS and KS1 Christmas productions. As these are taking place in the Bottom Hall, and we have new guidance on the number of seats we can have, there will be a strict limit of 2 per family. You may be offered seats in either of the performances if we are over subscribed but we will try to accommodate. No standing allowed.

Wibsey Primary— The Village School

Christmas Fair

A final reminder that the Christmas Fair takes place this coming Wednesday, the 4th December. The Fair starts at 2.45pm and

entrances will be via Y6 Carpark doors, the Top Hall Canteen doors or the Y2 conservatory doors—all those with pushchairs to leave them in the conservatory—they can't come into the main building.

The class with best attendance this week was 2.1.

They recorded an attendance rate of 100% and will be seeing Mr Cooper next week to have some additional playtime awarded. Well Done.
