Headteacher

The Hottest Week

It has certainly been quite the week at Wibsey Primary. It has been quite the challenge as Headteacher as we have managed the weather conditions at the opposite end of the spectrum to the usual snow and ice!

We made several adjustments to keep school operating as comfortably as we could, including relaxed uniform rules, short or no outdoor time, using air conditioned areas and taking lots of hydration breaks. It was supportive and necessary of you

to join in the effort by ensuring children had hats and came to school with sunscreen applied. We know from the news that several records have been broken this week in highest temperatures. It looks like we are back to normal next week but please can all remain prepared for next time.

I hope you will join with me in thanking all the staff for their resilience, cracking on with their jobs in these uncomfortable circumstances, and our children for keeping going when they felt hot and tired.

Diary Date

Revised end of term closure

Due to the large scale summer works we close on Friday 17th July and re-open on Tuesday the 1st of September as per the letter you received yesterday.

Brilliant Evacuation

The completely unforeseen emergency evacuation prior to the school day on Tuesday went extremely well. The vast majority of you trusted in our procedures and could see we had pupils safe and accounted for as they arrived on site, many unaccompanied.

It highlighted the importance of hats and sunscreen, and I hope on reflection that the one or two parents who didn't like the inconvenience could see what the fire brigade thought was a flawless and safe procedure.

Attendance

The class with best attendance this week were 1.1 with 96%
