News and Views

We waved off Mrs Matthews and Mrs Bilevych yesterday as they began their long journey to Botswana to visit our link school, Delta Waters.

This will be the first visit for our teaching staff and they will be taking part in working alongside Botswanan colleagues,

delivering some lessons, working on developing learning environments, as well as looking at the lessons to learn from the superb attendance and behaviour of the pupils they will meet.

Mr Quinn's class (6:1) will be linking with Botswana via Lumio tech and will be

meeting pupils across the globe—a real exciting event in real time. We all look forward to hearing all about the lessons learned.

This weeks attendance stars are class 4.3 with 99%

As we approach the end of the first half term we will be reviewing your child's attendance and will be in touch to celebrate, as well as addressing any concerns.

Parent /Consultations

Thank you to everyone who attended our consultation evening this week. It was great for me to walk around and hear how well your children have been settling in to the new academic year. The time really is flying and before we know, it will be half term at the end of next week.

If, for any reason, you were unable

to attend, staff will be making follow up phone calls to arrange meetings.

App Messaging

There has been lots of info out to you—paper and electronic—about our App messaging system changing. The new App starts Monday 19th October and if you are not signed up, you wont be able to message us or get any letters or communications.
